

X-cell ws

Contents:

Auxins + Cytokinins	12.6mg/kg
Glycine Betaine	530g/kg
Amino Acids	480g/kg
TE Fe 6,3g/kg Zn 19,8g/kg Mn15.6g/kg Cu 5g/ kg B 4,32g/kg Mo 990mg/kg	

***X-cell* is a Unique formulation of high grade North Atlantic Kelp, Glycine Betaine, Amino Acids and TEs. *X-cell* is designed to decrease stress through regulating Osmotic pressure within the plant. Combined with Kelp (*Ascophyllum Nodosum*) it is a superior product for root development resulting in optimum nutrient absorption.**

Benefits:

- Improved Root Development
- Improved Nutrient uptake
- Enhanced Environmental Stress Regulator (heat, cold, salinity & drought)
- Enhanced Plant Vigour

Mixing Instructions: 2-4kg / Ha in 400-1000L Water and apply as a spray, every 2-3 weeks depending on Environmental conditions.

DO NOT IRRIGATE for 3 hours after application. Best applied in early morning or late afternoon.

• **2 Kg**
